12 Months hosting	79.99
Basic RSVP	\$9.99
Detailed RSVP	\$19.99

Decrease the stress of the invitation process. *simplEvitations* eliminates the time consuming back and forth correspondence. No more finding addresses, stuffing, licking and hand addressing envelopes, postage and returned invitations.

Personalize an invitation with emotion. *simplEvitations* allows the invitation to portray personalities and feeling from the “soon to be married” couple by using video, pictures, music and even voice recordings.

Decrease costs. Saving numerous steps and costs by cutting out the designer, printing proofs, printing the actual invitation, postage, envelopes, inserts of all kinds and, above all, your precious time which is priceless! Our process is simple and very affordable.

Save time. As mentioned above, this is a one day process. You choose, personalize and perfect. This takes just a few clicks and gives you elegant results.

Convenient for guests. As an example; a guest will receive an email stating “You are invited to the wedding in honor of” The guest would then “click” on the link directing them to the invitation site. The invitation will have an option to RSVP and a link guiding the guest directly to the couple’s wedding registry. Very convenient!

More reliable. If an invitation is sent to the wrong address, you usually don’t find out about it for weeks. An email will immediately indicate whether the invitation has been delivered correctly or not. If it has not, you receive a failure of delivery. No more wasted postage.

Send announcements to ALL your loved ones! With our standard package you can send up to 2,000 announcements/invitations. Every loved one can receive this elegant display of the couple’s love. Our package prices are based on time, not quantity.

Track gift registry. From our site there will be a gift registry link. The couple will be able to update and maintain their registry as often as desired. Any guest will also have the capability to review the registry and purchase gifts as desired.

Track RSVPs. We offer two basic options. One is a tally box with “attending” and “regrets”. The other is a more detailed list of guests with a possible meal choice if offered by the bride and groom.
